ECCC

Mr. Eugene Culpepper was a  
sophomore at then ECJC, when  
World War II began.

## LET FREEDOM RING

On the eleventh day of September  
In the year two thousand and one  
Our country was attacked  
The whole world was stunned.

Our country has been one of freedoms  
But there's one we hold so dear.  
We never expected to lose it;  
It's the freedom from fear.

We will overcome this tragedy  
And regain that freedom again.  
The terrorists will have learned a lesson  
For together we will stand.

Whatever it takes  
We will win this war.  
We still have citizen's courage  
As we have had before.

We're thankful for other countries  
Who deplore this act that was done.  
With them, we will not give up  
Until this war is won.

Thank God for being an American,  
A land of the brave and free.  
Some people may not like it,  
But it's "the one" for me !

Eugene Culpepper  
September 2001

## TO WIN

We of America are going to win  
The present war that we are in.  
There's not a man that will not fight  
To keep his liberty and uphold the right.

We'll be together until the end  
As buddy to buddy and friend to friend.  
True to our country we'll always be—  
The country that stands for liberty.

We'll man our vessels and fly our planes.  
We'll drive our trucks and run our trains.  
Nothing can stop us for we are one.  
We'll not give up until we have won.

We'll train our troops and build our roads.  
We'll make machines to carry big loads.  
We'll work our farms to feed our men.  
By doing this, we bound to win!

Thank God for America in which we live—  
The country to which we are proud to give  
Our tanks, our guns, our ships, our men  
To win the war that we are in.

Eugene Culpepper
